Today's Market Reports

PRICES FIRM IN THE LONDON AUCTIONS

London, July 14.—Offerings at the wool auction today amounted to 15,282 bales, including a large supply of crossbreds. Demand was brisk and prices firm. The few merinos brought forward were eagerly taken for the continent.

Chicago Grain.

Chicago, July 14.—South Dakota reports of heavy damage from black rust studded the wheat market today in the face of bearish cables. The amount of territory affected by the plague seemed to have been considerably widened and it was said that the durum wheat was the only variety which has escaped harm. Opening prices, which were a shade to 1/4 @ 1/2 lower, were followed by a recovery to last night's level.

The close was nervous, 1/4 @ 1/2 to 1/4 under last night.

Predictions of rain weakened corn, setting pressure, however, was not heavy. After opening 1/2 off to 1/4 up the market underwent a decline all around.

The corn was steady at a net decline of 1/4 @ 1/2 to 1/4 off.

Oats sagged with corn. July options especially suffered from lack of support.

Enlarged receipts of hogs made provisions ease off. Lard held up better than pork or ribs.

Closing prices:

Wheat—July, 76 1/2c; Sept., 76 1/2c.
Corn—July, 68 1/2c; Sept., 66 1/2c.
Oats—July, 36 1/2c; Sept., 34 1/2c.
Pork—July, \$22.80; Sept., \$20.95.
Lard—July, \$18.27; Sept., \$16.40.
Rib—July, \$11.97; Sept., \$11.92.

LIVESTOCK.

Chicago Livestock, July 14.—Hogs—Receipts, \$6,000; market weak; bulk of sales, \$18.75 @ \$18.95; light, \$17.50 @ \$18.97 1/2; mixed, \$18.50 @ \$19.00; heavy, \$18.25 @ \$19.00; rough, \$18.35 @ \$18.45; pigs, \$17.85 @ \$18.85.

Lead and Spelter

St. Louis, July 14.—Lead, dull, \$3.75; spelter, \$4.80.

New York, July 14.—Lead, dull, \$3.85 @ \$3.95; London, 19, Spelter, quiet, \$4.95 @ \$5.05; London 21, 16s.

The Metal Markets.

New York, July 14.—Copper, dull, spot and September, \$12.35 @ \$12.50. Tin, irregular, spot, \$13.50 @ \$12.00. Iron, quiet, unchanged.

Felt languid, weak, ran down?

Headache? Stomach "off"? A good remedy is Burdock Root Bitters. Ask your druggist. Price \$1.00.

SAYS TYRONE WILL PROVE ANOTHER CHINO MINE

Albuquerque Mining Engineer Declares Phelps-Dodge Interests Will Open New and Equally Enormous Property

GENERAL ACTIVITY IN GRANT COUNTY MINES

That transportation alone is needed for the immediate opening up of another copper mine in New Mexico which will equal in richness and extent the great Chino mine at Santa Rita is the news brought to Albuquerque by H. A. Stutz, mining engineer, who is at home for a few days' vacation. Mr. Stutz is developing the Lucky Hill mine near Furt Bayard, which he and associates recently sold to Milwaukee capitalists and which he says is going to be a valuable property. Work on the main shaft is proceeding under his supervision and this mine and several around it are now safely past the prospect stage and in the class of permanent producers.

"As soon as the branch railroad from Whitewater to Tyrone in the Burro mountains is complete," said Mr. Stutz this morning, "another copper mine fully the equal of the Chino mine will be opened up. The Phelps-Dodge interests have bought up a large number of claims in the Burro mountains around the Tyrone camp and have been prospecting on an extensive scale, while the railroad to the camp is being built. I am told by reliable mining men that every drill hole which goes down strikes rich copper, similar in many ways in location and character to the Chino property, and am assured that the Tyrone mine will be fully up to if not ahead of the Chino in richness and extent."

There is considerable activity in mining in Grant county this year; more in fact than for several years, and with other conditions excellent business in Silver City and the country is good."

MISS FLEMING IS MUCH IN DEMAND AS AN INSTRUCTOR

Miss Jennie Fleming of this city, who was professor of physical culture at the recent institute of the Bernalillo county teachers, made such a strong impression by her work that a number of schools and institutes are seeking her services. She has been asked to take charge of the physical culture work at the summer school in Santa Fe, a school in the east has offered her a position, and she has been asked to teach physical culture at the coming teachers' institute at Portales.

A representative made special observation of her work here for the Santa Fe officials, and the success she achieved led to an urgent request to join the faculty at the capital. Miss Fleming has not yet definitely closed with any of the offers it was said today.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
